

Environmental Workshops

Clean Fairfax Council offers workshops & games that are informative, fun, educational & FREE! Call 703-324-5471.

Title	Summary	Ages	Time
The Rotten Truth About Garbage	A broad based overview of the solid waste system including litter prevention, recycling, and composting with specifics about what is happening in Fairfax County.	All elementary grades	45 minutes
Down the Drain	An overview of water pollution, waste, and contamination, and what children can do about it. It talks about the litter and recycling issues and how water is affected.	All elementary grades	45 minutes
Ready, Aim, Recycle	A video of a play performed by actors from Theatre IV in Richmond. It tells how one girl comes to understand the importance of recycling and litter control.	All elementary grades	1 hour
Wartville Wizard	A story of a town which had a litter problem and how they solved it. The book is on video.	Preschool to third grade	30 minutes
Environmental Jeopardy	The class is divided into teams and answers questions about the environment, litter, and recycling. Win points and prizes!	Single class. Grades 4-6	1 hour
Graffiti Wars	Video with Malcolm Jamaal Warner who talks about graffiti, the problems & the solutions.	Middle and high school	45 minutes

Environmental Newsletters

Clean Fairfax Council sends two environmental newsletters to 5th and 7th graders each year. If you teach 5th grade, look for "Trash Talk." If you teach 7th grade, look for "One Man's Trash..." An edition of each should arrive in the fall and spring.
